ADVANTAGES AND OPPORTUNITIES OF THE SUMMER SCHOOL

The Prairie View Summer School provides opportunity for study to meet the needs of undergraduate and graduate degree candidates at Prairie View or elsewhere, of teachers, and other persons for whom summer study will contribute toward educational goals.

Recent high school graduates who desire to anticipate their entrance into college in the Fall Semester by taking college level courses are furnished a variety of BASIC COURSES FROM WHICH TO MAKE a selection. In addition to the advantage gained in terms of credit earned, such students are likely to experience a more favorable environment in which to make the transition from high school to college than during a regular academic college term.

LIVING INFORMATION

COLLEGE RESIDENCE HALLS

In the Summer Session, the College reserves seven residence halls for women students, six for men, and one for married couples. Special arrangements may be made for children whose parents are enrolled, if requested in advance by letter.

Reservations for housing in the College residence halls are now being accepted. Application will be considered in the order in which they are received. If you are a married couple, please indicate by letter that you desire accommodations together.

Special Reservations may be made by married students for room assignments together, if both Husband and Wife are enrolled.

HOUSING IN THE PRAIRIE VIEW AREA

A limited amount of housing for families is available in the Prairie View community and in nearby towns. However, the student must make his own arrangements with the household for such accommodations. Students who can apply in person are generally more successful in locating housing facilities in the community than those who must rely on correspondence.

DINING HALL ROOMS AND CAFETERIAS

An estimate of the cost of living at Prairie View in the summer can be made by consulting the figures given on the Fees and Expenses page of this Bulletin. In private homes rentals vary according to location.

ACADEMIC INFORMATION

UNDERGRADUATE PROGRAM

The College offers undergraduate degrees, the Bachelor of Arts and the Bachelor of Science.

The Bachelor of Arts with teaching certificates may be taken in one of the following fields: Business Administration, Economics, English, History, Music, Political Science, and Sociology. The Bachelor of Science degree will be conferred upon all candidates who satisfy the general requirements for graduation and satisfactorily complete their work in Agriculture, Biology, Chemistry, Elementary Education, Engineering, Home Economics, Industrial Education, Mathematics, Physical Education, and Physics.

Admission: All applicants for admission to the College must be high school graduates of good moral character and must pass, satisfactorily, a physical examination administered by their family physician.

All credit for admission must be filed and classified in the Registrar's Office before the student may attain academic status of any kind. Transcripts should be on file in the Registrar's Office before the registration date on the Summer Session. At the request of the applicant, a blank for the purpose will be sent by the Registrar for the principal of the high school from which the applicant was graduated.

Accredited: Prairie View Agricultural and Mechanical College is accredited by the Southern Association of Colleges and Schools, the American Association of Colleges for Teacher Education, the Association of Texas Colleges, and the Texas Education Agency.

The teacher education program of the College has been approved by the Texas Education Agency, and the National Council for Accreditation of Teacher Education. Majors in Agriculture, Biology, Business Education, Chemistry, Economics, English, History, Home Economics, Industrial Education, Mathematics, Music, Physical Education, Physics, Social Sciences, and Sociology may qualify for a permanent high school certificate by completing the prescribed course of study in those fields.

GRADUATE PROGRAM

The College offers the Master of Arts degree, the Master of Education degree, and the Master of Science degree.

Students who are registering for the first time for a graduate degree should file with the Graduate School an application for admission together with a certified transcript of all college credits. Admission blanks may be obtained from the Graduate School Office.

Time Requirement: For students who attend only the Summer Session, the Master's degree may be earned in 30 weeks of attendance in post and Summer Sessions.

Course Load and Credit: In each six-week term of the Summer Session the course load for credit applicable to a degree is six semester hours. Courses with numbers 500 or above carry graduate credit.

NOTICE TO CANDIDATES FOR THE MASTER'S DEGREE

Theses and Essays, submitted in partial fulfillment of the requirements for the Master's degree, are due in the Office of the Chairman of the Committee on Graduate Study not later than three weeks prior to the date on which the degree is to be conferred. Candidates for graduation in August, 1967 must submit their theses or essays not later than August 1, 1967.

Each Candidate for a Master's Degree is required to take a comprehensive final examination after the other requirements for the degree have been completed. The examination may be given near the end of the candidate's last term of residence while he is still taking courses for the degree, provided he is making satisfactory progress in those courses.

Time Limit for Graduate Credit: No graduate credit earned more than six years before the completion of the requirements for the Master's degree will be counted toward the

degree, except as indicated below. Graduate credit earned prior to September 1, 1961 is no longer valid as credit toward the Master's degree. However, as much as six semester hours of resident credit earned within the period September 1, 1960 to August 31, 1961 may be re-validated by examination, if the student will complete the requirements for the degree by September 1, 1961. Workshop credit, or credit earned with a grade of "C," cannot be re-validated.

THE W. R. BANKS LIBRARY

The W. R. Banks Library is in a modern building, centrally located on the campus. The library has many comfortable, well-lighted study areas. These consist of the book stacks, reference room, reserves reading room, special collection room, periodicals reading room, and the reading lounge.

The library is ideal for doing study and research, being air-conditioned throughout. The library contains some 90,000 catalogued volumes, 775 periodical subscriptions, plus many governmental documents, pamphlets, reference materials, and audio-visual aids.

The library will be open the following hours during the Summer Session: Monday through Friday, 8:00 A.M. to 10:00 P.M.; Saturday, 8:00 A.M. to 5:00 P.M.; and Sunday from 2:00 P.M. to 5:00 P.M. Any exceptions to these hours will be posted in the library. There will be no services available on the top floor of the library, and in the basement of the library, Friday evening, and on Saturday and Sunday afternoons.

PREPARATION OF SCHOOL LIBRARIANS

To make it possible for in-service teachers and others to become fully qualified as school librarians as soon as possible and thus meet a growing demand for school librarians, the College has scheduled courses in library science for two summer terms.

SUMMER SCHOOL ACTIVITIES

Recreation: Summer School study and summer school recreation go hand in hand. The recreation committee has provided a well-balanced program of cultural attractions and motion pictures to be held in the Auditorium-Gymnasium. A full recreation program will be available to the summer school students and their children.

Sports: A highlight to summer sports program is the competition between the various intramural teams. They compete for mythical titles in softball, tennis, and volleyball.

Public Lectures: Open lectures of general interest and educational value are given throughout the term affording an opportunity to hear persons of attainment in various fields of endeavor. These lectures are open to all members of the Summer School without additional fees.

Religious Services: Religious services are conducted in the Auditorium-Gymnasium throughout the summer session by clergymen of various religious denominations. These services will be held at 11:00 A.M. each Sunday, June 11 to August 20 inclusive.

REFUND OF LABORATORY FEES AND STUDENTS, SERVICE FEE

- (1) Any student withdrawing during the first week of class during any fall or spring semester shall be entitled to a 100% refund.
- (2) Any student withdrawing during the first two days of class work of a summer term shall be entitled to a 100% refund.
- (3) Any student withdrawing after the days specified (1) and (2) above, shall not be entitled to a refund.

GENERAL PROPERTY DEPOSIT:

The refund policy in regard to the General Property Deposit balance does not permit this balance to be paid the student until ten days after the Registrar's Office certifies to the Business Office that the student has withdrawn permanently from the institution. The student must make application for the refund in the Registrar's Office before such a notification is sent to the Fiscal Office.

Any student withdrawing officially (a) during the first week of class work in a summer term, one-half; (b) after the first week of class work in a summer term, nothing. No refund will be made until ten days have elapsed from the time the fees were paid.

SCHEDULE OF CLASSES

IMPORTANT INSTRUCTIONS FOR BOTH TERMS

Announcements:

This preliminary announcement provides general information on the College's Summer Session for 1967. Some changes may have to be made before the classes begin. Therefore, the College reserves the right to withdraw, add, or alter courses and to change instructors as it deems necessary.

The scholastic standards of the academic year are maintained. All courses are taught by the regular faculty supplemented by visiting professors from other educational institutions.

The Summer Session consists of two six week terms, beginning June 5 and ending August 26.

NOTE.—Under no conditions will final examinations be given early. Therefore, students who will be unable to complete either six-week term should not enroll for credit in the regular classes of the Term.

Registration:

Registration is completed when all fees have been paid, all registration forms executed and turned in to the Registrar's Office, and class cards for each course in which the students registered have been turned in to the teachers of those courses.

Change of Program:

Those students who desire to change their programs may secure the cards for this purpose from the Registrar's Office. Approval for change of program must be secured from the student's adviser, head of department, or dean. When the change of program is approved, the student is given an add or drop slip to give to the respective teachers to add or delete his name from the class roster. In case the dean or department head divides or changes a class, it will be necessary for them to obtain change of program cards. A list of names of the students changed from one class to another should be given to the Registrar showing the following information: Course and number, section, name of teacher, time and place of meeting for class transferred from and transferred to.

Candidates for Graduation:

PROSPECTIVE CANDIDATES FOR GRADUATION DURING THE SUMMER SESSION MUST MAKE FORMAL APPLICATION TO THE

REGISTRAR FOR THE DEGREE SOUGHT AT THE TIME OF REGISTRATION. Blanks for this purpose will be furnished by the Registrar upon request. Every student must spend at least one full academic year (36 weeks) prior to graduation in actual residence on the Prairie View Agricultural and Mechanical College campus.

 SPECIAL NOTE.—Those students who enrolled in undergraduate courses prior to September 1, 1961 and have completed all requirements for their degree must qualify for graduation according to the plan and standards as set forth in the catalogue for 1961-62.

Extra Loads:

A full load is six semester hours. No one will be permitted to earn more than six (6) semester hours credit either term.
